Assignment #1 –Interview Paper (20%)

DUE: via email

Hearing a person's story of abuse, neglect or domestic violence can be very anxiety provoking for the beginning therapist. You are simultaneously reacting to the person, the content of their story, and your own bodily and emotional responses to the content. For this reason it is important that you explore and learn from such an experience. In this assignment, you are to solicit a volunteer to tell you about ONE INCIDENT story of child abuse, neglect, or domestic violence. Remember that these topics cover a wide variety of experiences from emotional neglect to date rape. The story may also be that of a child's perspective on their parent's domestic violence. The volunteer may be someone you know well, but their story should be one you have not heard before. Your role is simply that of an interested listener. You are not expected to provide any "therapy", and should make this clear to your volunteer, although inviting someone to tell their story might be "therapeutic" for them. Students will then write a 5 page paper containing 1) a description of the incident; 2) a reflective analysis of the experience—what was the experience of telling the story like for your volunteer? of listening for you? Include a discussion of both your thoughts and emotions. Use feeling words. 3) a qualitative analysis of the experience – What dynamics that we have read about and talked about in class may have been present in your volunteer's experience of violence? Apply what you have learned to your volunteer's incident/story.

Interview Papers will be graded as 20 % of your final grade based on the following:

5% = Description meets the basic understanding and mastery of assignment concepts

5% = Reflective analysis demonstrates insight into reactions and emotions

10% = Qualitative analysis reflects appropriate application of class readings and discussions

Assignment #2 – Treatment Research Paper (20%)

DUE: via email

Because of the limited nature of this class, treatment is covered only briefly. In order to expand your knowledge and understanding of treatment for Child Abuse, Neglect and Domestic Violence, choose one of the following populations and research treatment models for this group. Each paper must incorporate information from your textbook and at least two new journal articles, from a peer-reviewed journal. DO NOT rely on information gleaned from a Google search of your topic. Search in Psych Info or PILOTS databases. Write a 5 page typed paper using APA style, which discusses treatment models and effectiveness. Papers will be shared with other students in the class. Topics must be chosen and cleared by instructor by the end of class on May 21st.

Academic Dishonesty/Plagiarism

In an effort to foster a spirit of honesty and integrity during the learning process, Argosy University requires that the submission of all course assignments represent the original work produced by that student. All sources must be documented through normal scholarly references/citations and all work must be submitted using the *Publication Manual of the American Psychological Association, 5th Edition (2001)*. Washington DC: American Psychological Association (APA) format. Please refer to Appendix A in the *Publication Manual of the American Psychological Association, 5th Edition* for thesis and paper format. Students are encouraged to purchase this manual (required in some courses) and become familiar with its content as well as consult the Argosy University catalog for further information regarding academic dishonesty and plagiarism.

Additionally, Argosy University considers resubmission of a work produced for one course in a subsequent course or the submission of work done partially or entirely by another to be academic dishonesty. It is the student's responsibility to seek clarification from the instructor regarding how much help may be received in completing an assignment, exam or project and what sources may be used.

plagiarism. This includes the proper and appropriate referencing of all sources. You are responsible for maintaining an electronic copy of any work submitted, because you may be asked to submit your course assignments through “Turnitin,” (www.turnitin.com), an online resource established to help educators develop writing/research skills and detect potential cases of academic dishonesty. Turnitin compares submitted papers to billions of pages of content and provides a comparison report to your instructor. This comparison detects papers that share common information and duplicative language.
