Students are expected to be responsible and professional about being prompt.

Reading & Discussion. 1) The recommended textbook was selected to assist in your understanding and managing the various processes you will experience in practicum, and to guide you in maintaining awareness of your growth and development as a counselor. It is a supplement to your on-site experience and may be referred to in class discussions. 2) Students who are presenting a case in the upcoming seminar will forward a copy of their written presentation to each member of the class at least 1 week before the scheduled presentation. ***All students are expected to have read the case presentations and be prepared to give feedback and discuss the case in class.**

Reflection Journaling. Prior to each class you should email your instructor at least 2 typed pages of reflections on your practicum experience for the previous month. While the form of the journaling is unstructured, you are expected to reflect upon on how your practicum experience is influencing your growth in knowledge, skills, personal growth and career development. If you do not know what to write about, the suggestions on pages 11-12 of the Sweitzer book under “Unstructured Journals” might be starting points for reflection. Journals will be shared only with the instructor. Reflections are due *by email* to instructor one week before the date the class meets according to the schedule above.

Case Presentations. Each class session, students will present case presentations based on therapy sessions with an actual client in their practicum. Students will forward a written case presentation to the instructor and classmates via email, at least 1 week prior to their oral presentation. Students must also be prepared to play 10 minutes of an audio or video tape of a session, with an accompanying transcript. In the seminar, students will provide a 3-5 minute update of the case if any is needed, and then play the tape. The remainder of the presentation time will be spent receiving and responding to feedback and consultation from the class, and instruction from the seminar leader..

- Written reports must follow the guidelines of the MACPCE Handbook
- Informed Consent must be obtained and presented for the tape of the session
- Case reports are to cover the material up to the topic being covered in class, i.e. October’s presentation should include the entire Assessment and Description of the Client section; November’s Assessment and Description, plus the Diagnosis section; December’s Assessment & Description, Diagnosis and Theoretical Orientation.
- A Sample full case presentation is in the MACPCE Handbook. Others may be provided in class.
