### **Methods of Instruction**

Students are required to complete a minimum of 175 hours of on-site training per semester in an approved practicum site, with 60 of those hours being direct work with clients. Students work at approved agencies 12-20 hours/week, each week of the semester.

Students are concurrently enrolled in a seminar which meets monthly. Seminars include student case presentations; instructor consultations & demonstrations; and class discussions. While you will receive feedback on your assignments, the purpose of the seminar is to provide an environment for you to learn from each other as well as from the instructor and to deepen your process as a clinician.

### **Content Areas**

The principal goal of the practicum is to provide an opportunity for integration and practice of counseling psychology theories, methods and techniques in a professional counseling setting. The course will emphasize exploring your personal reactions to your clinical experiences and gaining a fuller understanding of transference and countertransference issues. Other topics include assessment and diagnosis, treatment planning, case formulation using a theoretical model, case presentation, writing clinical reports, current standards of practice, and specific ethical, legal, professional and clinical issues related to your unique clinical setting and population. Issues related to gender, ethnicity and sexual orientation will also be addressed.

## Grading

This course is a *Credit/No Credit* course. Most of the evaluation for this course will be qualitative in nature. Grades are based 60% on performance at your practicum site and 40% on performance in practicum seminar. Specifically, participation in seminar, effort demonstrated on assignments, and timeliness of assignments are evaluated by Seminar university instructors based on the criteria listed below. Grades of A or B on each assignment will receive Credit. Grades below B will not receive credit. Site Supervisor Evaluations and Number of Hours Completed are the primary measures for practicum site performance. A student will receive *No Credit* for site supervisor evaluations which consistently rate a student below average, or identify serious concerns regarding student performance; and for recorded hours below the required minimum indicated in the Practicum Handbook.

### **Academic Dishonesty/Plagiarism**

In an effort to foster a spirit of honesty and integrity during the learning process, Argosy University requires that the submission of all course assignments represent the original work produced by that student. All sources must be documented through normal scholarly references/citations and all work must be submitted using the *Publication Manual of the American Psychological Association, 5<sup>th</sup> Edition (2001)*. Washington DC: American Psychological Association (APA) format. Please refer to Appendix A in the *Publication Manual of the American Psychological Association, 5<sup>th</sup> Edition* for thesis and paper format. Students are encouraged to purchase this manual (required in some courses) and become familiar with its content as well as consult the Argosy University catalog for further information regarding academic dishonesty and plagiarism.

Additionally, Argosy University considers resubmission of a work produced for one course in a subsequent course or the submission of work done partially or entirely by another to be academic dishonesty. It is the student's responsibility to seek clarification from the instructor regarding how much help may be received in completing an assignment, exam or project and what sources may be used.

**Scholarly writing:** The faculty at Argosy University is dedicated to providing a learning environment that supports scholarly and ethical writing free from academic dishonesty and plagiarism. This includes the proper and appropriate referencing of all sources. You are responsible for maintaining an electronic copy of any work submitted, because you may be asked to submit your course assignments through "Turnitin," ([www.turnitin.com](http://www.turnitin.com)), an online resource established to help educators develop writing/research skills and detect potential cases of academic dishonesty. Turnitin compares submitted papers to billions of pages of content and provides a comparison report to your instructor. This comparison detects papers that share common information and duplicative language.

### **ADA Policy**

It is AU/San Francisco Bay Area Campus policy not to discriminate against qualified students with a documented disability in its educational programs, activities or services. If you have a disability-related need for accommodations in this class, contact the Campus Director of Student Services who serves as the Disability Services Coordinator.

Once the determination of reasonable accommodations has been made, an approved Letter of Accommodation is given to the student. The student is then responsible for presenting and discussing a copy of the Letter of Accommodation with faculty, when requesting needed services. Accommodations are effective once the instructor has received the approved Letter of Accommodation. Accommodations are not retroactive. Students should promptly notify

the Disability Services Coordinator of any problems encountered in receiving the agreed-upon accommodations.

**Your instructor is responsible for delivering this curriculum in a format that will ensure the objectives are met and measured. This can be accomplished in a variety of ways depending upon the experience, orientation, technological acumen, emphasis and preferences of the instructor as well as the resources available. Your instructor is also required to ensure that the course Outline include details regarding assignments and method of instruction. Any adjustment to the syllabus will be clearly delineated in the Outline and available for download prior to registration and on the first day of class.**
